COLLEGE PRAYERS

Prayer for Our College

O Thou, who in days past did'st put it into the hearts of good men to found this College, for the imparting of sound learning, the building of character and the spread of spiritual truth and knowledge of Thyself. Bless our College. May love, unity and brotherhood be learnt here; may industry, uprightness and courage grow here, and from this place be sent forth continually a stream of men and women who shall serve Thee faithfully in Thy world.

Prayer for Our Country

O Almighty Father, who doth set men in companies that they may learn to think little of private advantage and may ever seek the common good; we pray Thee for this great land in which we dwell. May the memory of its past ever inspire us, may its present needs be ever present to us and may its future welfare be our constant prayer and aim. Have compassion on its toiling multitudes. Root out superstition, corruption and despair. Grant that we may bear a man's part in the work that is yet to be done and of Thy mercy heal our divisions and make us one as Thou art one.

Prayer for Our Old Students

O God, of whose gift alone it cometh that Thy faithful people do unto Thee true and manful service. We pray Thee to follow with Thy blessings those students who have gone out from amongst us to serve in the wider arena of life outside these College walls. Strengthen them to meet victoriously all temptation, enable them to find and faithfully perform their life work, and may they ever without fear of man, follow steadfastly where duty, right and honour lead.

PRINCIPAL'S MESSAGE

Greetings and welcome to St. John's College.

The College, established for over 175 years now, continues to serve the nation by emancipating the dormant potential of the youth and by encouraging them towards overall excellence, drawing its inspiration from the great truth enunciated by Lord Jesus Christ, "The Truth shall make you free". This truth forms the motto of the college and has been its guiding principle, as we seek to awaken in our students a sense of intrinsic worth, based on God-given potential and a commitment to respect the dignity and uniqueness of each individual, amidst racial, cultural, linguistic and religious diversity. It has been our endeavor to offer an integrated and holistic education that focuses on intellectual, cultural, social, aesthetic and spiritual development of our students and to transform them into capable, compassionate and committed human beings.

The College is blessed with a well-qualified, talented and competent faculty to mentor students, to guide their academic experiences, build critical skills and cultivate their creative thinking with the aim of social transformation with justice for all. The College encourages students to avail facilities offered by the college for physical fitness through games, sports and from overall growth of their personalities for the development of their talent and leadership skills through participation in several extra-curricular activities periodically organized by the college. The College is well supported by a motivated and cooperative non-teaching staff.

I hope that students will make their stay enjoyable, memorable and meaningful using their potential to the fullest so that when they leave the portals of this college, they will engage in serving the wider community and building a strong and vibrant nation with humane values and democratic ethos.

Principal

A SHORT HISTORY OF THE COLLEGE

St. John's College, Agra, was established in 1850 by the Church Missionary Society of England, through the efforts of the Agra C.M.S. Association which came into existence in 1840. The first principal of the College, The Rev. Thomas Valpy French, a distinguished fellow of University College, Oxford, was a man of great vision and missionary zeal. At its inception, the College formulated its own curriculum and conducted its own examinations. In 1861 five candidates appeared for the Matriculation Examination, three passed the examination and thus, paved the way for the beginning of the College Department proper, as they proceeded to study for the University Examinations. The University held a First Arts Examination and a final degree examination for the B. A. Class. Mr. Damodar Das became the first graduate of the College in 1865. From 1862 to 1888 the College remained affiliated to Calcutta University. With the establishment of the Allahabad University in 1887, the College was affiliated to it till 1927. With the formation of Agra University in 1927, the erstwhile Principal of the College, Rev. A. W. Davies became its first Vice-Chancellor and since then the College has been affiliated to it.

Initially the classes were held in Katra Abdul Saleh (on the hospital road); in 1852 the classes moved to a new building, which was raised on designs prepared by Major Kittoe, consisting of a hall and eight classrooms. In 1868 a new building was added, consisting of a hall and four classrooms. Upto 1896 the

accommodation sufficed for the classes. The College was under partial eclipse from 1874-90 and the B.A. Classes had to be closed because the Government had withdrawn the grants-in-aid to the college. From 1890-1906, the College maintained the B. A. Classes without financial assistance from the government. The government grants in aid were restored in 1906. In 1891 B.A./L.L.B. classes were started. In 1893 affiliation was sought for the M.A. course of Allahabad University. In 1893 classes in Telegraphy and Signalling were opened keeping in mind the employment opportunities in the Railways. Affiliation for B.Sc. was obtained in Physics and Chemistry in 1903 and for Biology in 1906.

From the last decade of the nineteenth century the College felt a need for the expansion of its existing infrastructure. The situation became so critical that in 1909, the college started two shifts. Since, no further extension was possible in the old premises, a new site was located and a new building was raised between the years 1911-1914 on the eastern side of the present M. G. Road. The general design of the building was planned by Sir Swinton Jacob "who had specialized on the adaptation of the Indo-Saracenic style of architecture to modern building requirement." The new building was formally inaugurated by the Viceroy and Governor-General Lord Hardinge in 1914. During the inter-war years, the College made remarkable progress. After the completion of the new building, other buildings were constructed on the Western side of the present M. G. road for

the Science Block, Lloyd Hostel, Davies House and the Entomology department. In 1948 Mr. C. V. Mahajan became the first Indian principal of the College. In 1952 the College celebrated its centenary and a new Centenary Wing was added to the main building whose foundation stone was laid by Bharat Ratna Sri Sarvapalli Radhakrishnan, former President of India, and was inaugurated by Bharat Ratna Pt. Jawaharlal Nehru, the first Prime Minister of India in 1959. Under the inspiring leadership of the next Principal, Padma Shri P. T. Chandi, the college made remarkable progress in its overall development. A new Central Library was inaugurated in 1965 by Mrs. Vijay Laxmi Pandit. Dr. P. I. Itteyarah was the first student of the college to adorn the post of Principal of the College. In 1987 a Bio-Sciences Wing was constructed under grants from the University Grants Commission. In 1996 another block was added under the post-centenary grant from the U.G.C. The College was accorded with the status of 'College with Potential for Excellence' in the year 2004.

As per a scheme of UGC, St. John's College, Agra was given the opportunity to start B.Com. Vocational programs since 1995. Subsequently, the college, under self-financing scheme, has added several courses to its academic quiver including B.Ed. in 2006, M.A. (Urdu) in 2009, B.B.A. in 2014, B.C.A. in 2021. B.Sc. Biotech and B.P.E.S. in 2023 and B.B.A. Retail in 2025. The college also runs two partially self-financed degree programs in B.Sc. with Industrial Chemistry and B.Sc. with Computer Science.

Since the last two decades much impetus has been given to research and most of the departments have organized National and International Seminars. It is the endeavour of the management of the college and the staff to sustain the rich legacy of traditions and history and to look forward to a bright future. In Dec. 2016 the college was accorded "A" grade in the second cycle of accreditation by NAAC. During the outbreak of the Pandemic Covid 2019, online classes were first conducted and we continue to adopt this mode whenever required.

SOME CHERISHED FEATURES

The day's work in the college commences with the Morning Assembly in the college hall where the Principal leads the staff and students in college prayers. Notices for the day and for the forth-coming important events and programmes of the college are read out by the Principal in the morning assembly.

The Morning Assembly at St. John's College has worked as a major cohesive factor in keeping

together the college as a family and is, at the same time, a tradition zealously guarded by all.

A distinctive feature of the college is the post-graduate assembly which is for all students of the college, pursuing Master's Degree in various subjects. This P.G. assembly is held every Friday in the first period. Guest lectures on specific; general and contemporary issues are delivered by eminent speakers and

scholars. This P.G. assembly aims at academic, moral, ethical and social emancipation and edification of mature adults of various P.G. courses of the college. In addition to this, bi-weekly classes are conducted in the college for the purpose of imparting moral and religious education, personality development and career counseling to all under-graduate students.

The Chapel of Invitation, situated in the main building, is used daily for Christian worship by the staff and students, often led, either by the college Chaplain or by a member of the staff.

The College Foundation Day is celebrated each year on 16th December with

great enthusiasm and gaiety. On the college foundation day eminent men and women of stature address the audience on issues of higher education, true citizenship and on the challenges of life to be faced by the students after they leave the portals of the college.

The College also holds an Annual Youth Festival in which various competitions in the domains of Literary Activities, Music, Dance, Dramatics and Fine Arts are held. The College lays special emphasis on various outdoor games culminating in the Annual Sports Meet in which hundreds of eager students of all faculties participate enthusiastically.
